

COURSE MODULE ERASMUS+ FOR BRASS

STUDY PLAN

An individual study plan (Learning agreement) will be drawn up for you. It defines the detailed content of your studies during the exchange period. It must be created on OLA: <https://learning-agreement.eu/> and must be signed before your arrival but might be changed when you arrive. This will be finalised after the introduction days,

The table below is the global framework of your study plan at the PÔLE ALIÉNOR. You should use it as a “guideline” while choosing the courses for your Study plan in the application form. However, you can select the courses freely to make the best study plan possible for you.
